

RESEARCH IN TUEBINGEN

CONTACT US

Tuebingen is a special place for research. Very few locations offer such a wide variety of research areas in such close proximity – both physically and figuratively. Home to a renowned University and a range of top-level research institutes, including four Max Planck institutions, two Leibniz institutions and four branches of the Helmholtz Association's German Health Research Centres. The members of the TRC are just a stone's throw away from each other and cover a wide range of subject areas in which they closely collaborate.

SERVICES FOR SCIENTISTS AND RESEARCHERS

- ✔ Information on research in Tuebingen
- ✔ Information on living and working in Tuebingen and in Germany
- ✔ Information on welcome services for international researchers
- ✔ Interface between the economic and scientific communities in cooperation with the University's Industry Liaison Office

OUR RESEARCH FOCUS AREAS INCLUDE:

- ✔ **LIFE SCIENCES AND MEDICINE:**
from Cancer Research to Microbiology
- ✔ **HIGH-TECH:**
from Computer Science to Robotics
- ✔ **MEDIA AND EDUCATION:**
from E-Science to Linguistics
- ✔ **SOCIAL SCIENCES AND HUMANITIES:**
from Archaeology to Theology

THE RESEARCH CITY

**TOP-LEVEL RESEARCH INSTITUTIONS. ONE CITY.
ONE MISSION: EXCELLENCE IN SCIENCE.**

TUEBINGEN RESEARCH CAMPUS

The Tuebingen Research Campus (TRC) unites the research institutions located in Tuebingen, Germany. Together, we strive for excellence in research and seek to make Tuebingen an attractive place to work and live for top-level scientists from all research areas and different countries.

EXCELLENT RESEARCH IN TUEBINGEN

The TRC provides a forum for discussion of research policy positions and, where applicable, a platform for cooperation in common research focus areas. It also offers a space for collaborative project initiatives of the University of Tuebingen and the non-university research institutions located in the city.

OUR SERVICES FOR SCIENTISTS

The TRC also provides information and services to scientists interested in making Tuebingen their scientific and personal home. Our website is a hub of information on both Tuebingen's research profile and life in the city and in Germany more generally.

WHERE WE ARE

- 01 Max Planck Campus Tuebingen:**
- Friedrich Miescher Laboratory (FML)
 - Max Planck Institute for Biological Cybernetics
 - Max Planck Institute for Developmental Biology
 - Max Planck Institute for Intelligent Systems
- Spemannstr. 35-44*

- 02 German Health Research Centres of the Helmholtz Association**
- German Cancer Consortium (DKTK)
Hoppe-Seyler-Str. 4
 - German Centre for Diabetes Research (DZD)
 - German Centre for Infection Research (DZIF)
Otfried-Mueller-Str. 10
 - German Centre for Neurodegenerative Diseases (DZNE)
Otfried-Mueller-Str. 23

- 03 University Hospital Tuebingen (UKT)**
Otfried-Mueller-Str. 10

- 04 Hertie Institute for Clinical Brain Research (HIH)**
Otfried-Mueller-Str. 27

- 05 Institutions of the Leibniz Association**
- Leibniz Knowledge Media Research Centre (IWM)
 - Leibniz WissenschaftsCampus „Informational Environments“
Schleichstr. 6

- 06 Natural and Medical Sciences Institute (NMI)**
Markwiesenstr. 55, Reutlingen

- 07 University of Tuebingen**
Geschwister-Scholl-Platz
