

TNC Lunch Elevator Pitches with food & drinks

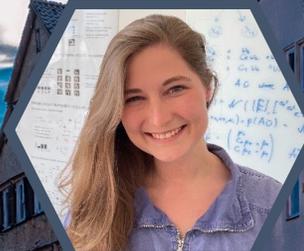

Wednesday 26 April 2023, 12:00-13:00

Location: DZNE, Conference room, Otfried-Müller-Str. 23

Pitch your
research idea
or project

Dr. Thomas Wolfers
(Laboratory for Mental Health Mapping,
University of Tübingen)
“Machine Learning for Parsing
Individual Differences”

Auguste Schulz
(Jakob Macke Lab, Machine Learning
Excellence Cluster, University of Tübingen)
“What is ‘KI macht Schule’? And how
come so many neuroscientists engage
in AI outreach?”

Kseniia Sarieva
(Simone Mayer Lab, Hertie Institute for
Clinical Brain Research)
“Revealing cell type-specific effects of
maternal immune activation on fetal
cortical development”

Dr. Christoph Trautwein
(Werner Siemens Imaging Center)

Dr. Yogesh Singh
(Institute for Medical Genetics & Applied Genomics)

Dr. Dmitry Kobak
(Philipp Berens Lab, Hertie Institute for
Artificial Intelligence in Brain Health)
“The landscape of biomedical research”

“Determination of microbiome-associated key
metabolites and immunomodulators in the
pathogenesis of idiopathic PD by use of humanized
fecal transplants in wildtype and BAC-SNCA-TG rats”
